RHINO *Tanks*

**NOTHING'S
STRONGER!**

RHINO Tanks

WATER TANKS

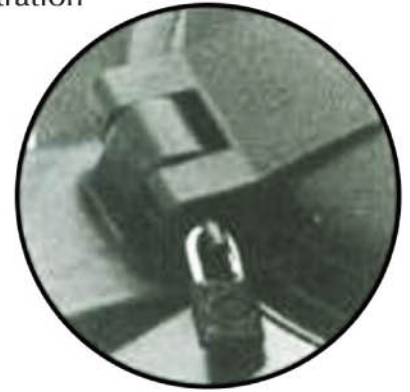

Rhino Water Tanks are manufactured using two layers of prime grade linear polyethylene. The 100% polyethylene structure ensures extra strength - no cracking, fading or rotting.

Outer Layer: Colour of tank (Black, blue, green, natural & white)
Inner Layer: Natural in colour. Ensures that the water remains potable, without any odors or bad taste, and is approved by the food & Drug Administration of the USA (FDA) for food and water storage.

Tanks are fitted with "Tie Downs" for extra protection in hurricane season.

All tanks come with a security locking device that is manufactured from 100% polyethelene, thus preventing rusting or cracking.

All tanks are designed with a one piece molded 16" FLIP TOP LID with a fixed hinge mechanism for easy access.

Convenient 4 inch inlet for collection of rain water.

A full range of closures and external fittings are available upon request.

Rugged multi-ribbed condtruction ensures the Rhino Tank outlasts any other tank.

Heavy duty outlet.

7 years manufacturers guarantee against defects.
